- Improvements to mobile wallet integration via Wallet Connect as well as integration of Klip and various other self-custody wallets to simplify the connection process for more participants.
- Users who have already connected their wallet to Kaia Portal will not be affected by this upgrade.

Infrastructure Enhancement

- Several service infrastructure elements were identified that could potentially buckle under pressure during periods of peak activity. We will be enhancing and upgrading Kaia Portal's service infrastructure to improve availability and robustness.

These improvements are estimated to take up to two weeks to complete. As such, the first Missions point accumulation epoch will now begin on 26 September instead of 12 September. Do note that this does not affect FGP-23 voters who will still be able to claim their KAIA rewards from the 12th
